

## **Video Editing Assignment Using Adobe Premiere Pro CS6**

### **TGJ 3M1**

#### **Software**

Adobe Premiere Pro CS6

#### **Task**

Create a 1 – 3 minute video trailer of an original movie of a specific genre

#### **Where do I start?**

Read all of the instructions and explore [www.shutterstock.com](http://www.shutterstock.com) to research video.

You will be limited to using only 3 key search terms to find your video clips.

No other clips can be used to create your video.

#### **What do I need to include**

Begin with a movie poster title screen

Remove any unnecessary sound from the movie clips.

Include layers of your video productions that include background music, speech and your video clips.

### **How do I make this a level 4 project**

Is your video between 1 and 3 minutes

Is it clear what the genre of the movie was? (Comedy, action, drama, horror, documentary)

Is there appropriate background music that suits the film?

Do the video clips flow together to tell the story?

Do they visually flow together without empty gaps?

Does it include speech or a narrative that fits the clip?

Does the clip make the viewer want to see the whole movie?
